Liam Anderson - Winemaker

Liam Anderson has now completed his 27th vintage at Wild Duck Creek Estate. Winemaking in Heathcote is part of Liam's DNA. He joined his father David in 1998, completing a Bachelor of Wine Science in 2007. He took over the winemaking from his father David in 2010. He has been responsible for the planting of two new vineyards, the first 14 acre vineyard in 2004 and the second 12 acre vineyard in 2021. In the pursuit of excellence Liam is completely obsessed by precise viticulture and winemaking, constantly experimenting with new techniques in the quest to craft the most delicious wines possible from the Heathcote region. Both he and his father David have chosen to invest everything they have in the pursuit of making delicious wines that offer pure joy in a glass. Wines that are full of vitality.
